EXPERIENCE

1 YEAR

ZIUIKE INFOTECH | FULL TIME JULY 2023-JULY 2024|THRISSUR, INDIA BACK-END PYTHON | DJANGO

- Gained deep knowledge of Django through practical application and problem-solving.
- Assisted in and developed 20 student projects, including those for MCA and Engineering students.
- Provided valuable feedback and guidance that helped students improve their coding and project management skills.

BACK-END PHP | CODEIGNITER

- Gained deep knowledge of CodeIgniter through practical application and problem-solving.
- Applied CodeIgniter expertise in the development of a company website and a task management system.

FRONT-END | HTML, CSS, JAVASCRIPT, JQUERY, BOOTSTRAP

- Assisted in pinpointing and resolving issues in HTML, CSS, Bootstrap, and JavaScript templates, such as layout inconsistencies and styling errors.
- Corrected issues that students encountered with their templates, providing hands-on solutions to challenges they faced.
- Created and designed custom templates according to students' project requirements, ensuring their designs met specific needs and standards.

FREELANCE WORK | CURRENT | THRISSUR, INDIA

- Currently working as a freelancer focused on academic projects.
- Assisting students in building projects with technologies such as Django, CodeIgniter, and front-end development.

PROJECTS
